### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Amend claim 1 as follows:

1. A composition suitable for making acoustical tiles in a water-felting process, said composition comprising an amount up to 75% by weight of a lightweight mineral aggregate, an amount up to 25% by weight of a cellulosic fiber, a binder and optionally up to 85% by weight of mineral wool, said binder consisting of [up to 7.5% by weight of] a reactive water-soluble polyamine epichlorohydrin polymer [binder] having positively charged azetidinium groups and [from 0 to 8% by weight of] optionally up to 8% by weight of starch.

In claim 5, line 1, replace "4" with --1--.

Cancel claims 2-4 and 7.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Donald E. Egan on Oct. 18, 2004.

The following is an examiner's statement of reasons for allowance:

Claims 1, 5, 6 & 8-10 are pending following above amendment.

Prior art cited in earlier office actions now fails to render these amended claims prima facie obvious.

These claims are therefore deemed to be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
